

# Your donation makes a truly tangible impact.

*Donations make it possible for EarthShare and our Nonprofit Partners to plant more trees, preserve more land and wildlife, educate more students, and build more resilient communities. Learn more below!*

**4 MILLION SQUARE MILES** of ocean habitat protected. These protections include Marine Protected Areas (MPAs), no-take zones, and fishing restrictions that protect seafloor communities, such as bans on bottom trawling.

**500 EVENTS** advanced the mission of environmental justice in Illinois across 5 focus areas: climate change & energy, sustainable food & land use, water preservation, youth, and advocacy.

**MORE THAN 17,300 ACRES** of natural land protected in Illinois to provide clean air and water for people, plants, and animals.

**45 ILLINOIS MUNICIPALITIES** now offer curbside composting to their residents; up from only 30 in 2018.

**154,000 ACRES** of pollinator habitat restored on farms.
